Welcome to the Downtown Chatham BIA's magazine!

This is our sixth and largest edition of "Big Things Are Happening in Downtown Chatham." It is an exciting time to be in Downtown Chatham. The promise of new buildings and the renovation and restoration of existing buildings is changing the streetscape by positioning Downtown Chatham as a unique shopping, dining, and entertainment destination.

We are also excited to announce the new and improved BIA website at www.downtownchatham.com. We encourage everyone to check out the website and our member's pages where you can find information about store hours, products, and services. In addition to store and member information, jobs and available commercial space will be posted on the BIA website and BIA event information will be readily accessible as well. With summer just around the corner, we hope to see you on the streets of Downtown Chatham, where "Big Things Are Happening."

Lorie Gore
Executive Director
Historic Downtown Chatham BIA

"Welcome to Historic Downtown Chatham. As the Chair of the Historic Downtown Chatham BIA, it gives me great pleasure to see the new development coming to our area and the extraordinary improvements to our BIA that have been developed in the past few years. I would like to thank everyone who has contributed to this marketing piece which features some of our sensational members.

As the new Chair, I am extremely lucky to be representing one of the most thriving downtowns in the municipality of Chatham-Kent. Whether you are coming downtown to enjoy a wonderful meal, perform some "retail therapy," or take in some world class entertainment, you are sure to enjoy this truly unique area."

At the Purple Pansy we pride ourselves on staying current and trendy in our design styles and flower selections. The floral industry is always changing and being on top of our field is a priority to us. Tricia recently attended two design shows in the Toronto area. The first designer was from the Netherlands and is a world renowned teacher and competitive designer. Per Benjamin created stunning Wedding Bouquets and was truly an inspiration to Tricia to come back home and start creating individual concepts for each of her Brides. Vintage seems to be the look for 2011; from the nostalgic looks of pastels and pearls to the washed out look of colours to get that aged look.

The second design show was a hands-on to learn current trends for corsages and boutonnieres. Tricia was amazed at the new wrist bands for corsages, hair and neck accessories for body wear corsages, and gems, ribbons and bobbles that are now available to finish a complete Prom or Graduation.

Customized floral fashions and up to date trends!
